

Follow-up actions

**25th SCIENTIFIC COMMITTEE MEETING (Online) 30 March 2021,
UTC11:00-14:00**

Item 3 IRDR Compilation

- Endorse the overall structure of the Compilation as is presented.
- Continue reviewing the draft text and send necessary corrections to IPO before 10 April, using the format that IPO has provided.
- Provide additional information if it is substantial and critical by 10 April for inclusion in the Compilation.
- Submit the final draft of Compilation with layout design to the IRDR SC Chair and to IRDR Co-sponsors and Host for approval.
- Launch the Compilation at the 2021 IRDR Conference

Item 3 IRDR Compilation-Comments

- Impressive
- Comprehensive
- Congratulations
- Add:
- DRR Science and Technology Conference in Geneva, Jan 2016
- Inputs by 10 April, using template provided by IPO

Item 4 Research Agenda

- IRDR community review the draft after the meeting and provide suggestions and recommendations either thorough the Pre-sessions of 2021 IRDR Conference to be organized during April-May or through IPO to the Project Team
- Actively participate in the consultation meetings to be organized by the Project Team of Research Agenda
- IRDR community send feedback for the Agenda to John and IPO

Item 4 Research Agenda - Comments

- “Old problems with new approach”
- Actionable plans of the agenda
- Regional breakdown of the research challenges
- Expected outcomes, practical oriented goals, clarity on implementation
- Systematic data collection
- Coherence implementation
- Risk assessment methodology by DRR or CCA communities

Item 5 IRDR Conference

- Endorse the overall concept note of 2021 IRDR Conference and pre-sessions
- SC and IPO consult with co-sponsors, organizers, and partners on to further improve conference agenda
- Encourage NCs and ICoEs to organize Pre-sessions
- Make official announcement as soon as possible about the 2021 IRDR Conference.

Item 5 IRDR Conference - Comments

- Inputs by 10 April
- Prof. Haruo Hayashi: NC of Japan will organise the pre-session, under Science Council of Japan (SCJ), possible topic related to coherence/knowledge integration on DRR, CCA, and SDGs
- Prof Xu Tang: ICoE-RIG-WECEIPHE, Fudan University. May 28th, 2021, topic on Climate Change and One Health. This pre-session will address the issues of climate change and its impacts on ecosystem, environment and public health and how to develop a One Health approach, and discuss the follow-up actions to address the interconnectivity of the risks, which would be a prioritized component of the New Research Agenda.
- Prof Joy Pereira, STAG Asia Pacific, to coordinate with Prof Rajib Shaw, together with UNDRR Bangkok Office
- Riyanti Djalante, to organise IRDR Young Scientists pre-session – ASEAN region
- Prof John Handmer, for young professional in DRR contribution
- Request on UNDRR for coordination on regional pre-sessions

Item 5 IRDR Conference - Comments

- VJ: additional topics for Session 2
- VM: Additional topic on Health
- MA: Expanding IRDR coverage/capacity, reach out to wider communities, for more collaboration and exchange, expansion for more countries
- NE: Offer to be part of all the initiatives, through network and partners in Africa. Comme, especially on water sector,
