Perspectives of IRDR in China

- *We will coordinate all resources of disaster prevention and mitigation in China to the practice of IRDR.*
- *According to the IRDR science plan, IRDR CHINA will support for trans-disciplinary, cross-cutting themes, with focus on multi-catastrophes and disaster chain, integrating the natural and social sciences.*
- *We will manage to link IRDR CHINA's programs to IRDR international working groups;*
- *We will cooperate with the IRDR family members and will benefit each other.*

Thank You!
