

## IRDR New Zealand

### Home Institution:

**Natural Hazards Research Platform (NHRP)**

**Time: May 2016 – November 2016**

### Updated on Your Work:

- The NHRP has participated in **Exercise Tangaroa**. Exercise Tangaroa was New Zealand's first full-scale All-of-Government National Exercise. Taking place over three days, Exercise Tangaroa included the warning, impact, response and early recovery phases for a significant tsunami. The exercise was led by NZ's Ministry of Civil Defence & Emergency Management and supported by all 16 CDEM groups, central government agencies, emergency services, lifeline utilities, plus other agencies and organisations.

- The **annual publication** of NHRP research is available online at:  
<http://www.naturalhazards.org.nz/NHRP/Publications/Natural-Hazards-Issues>
- The NHRP is supporting the development of a **Natural Hazards Social Science Panel** to aid decision-makers during natural hazard crises.

## Future Plan & Activities with IRDR:

- The NHRP will be running a contestable funding round in early 2017, for New Zealand-based research to be undertaken from 1 July 2017 to 31 October 2019.
