Urban health issues

- **Housing:** About 1/4 of the world's urban population lives in slums; 1.5 billion
- **Pollution:** Outdoor urban air pollution is responsible for 1.3 million deaths /year
- **Physical inactivity:** 3.2 million deaths /year.
- **Traffic injuries:** 1.3 million deaths/year.
- **Violence:** 1.6 million deaths annually; often linked to harmful use of alcohol
- **Diseases:** Rising prevalence of NCDs (non-communicable diseases) and emerging infectious diseases

Data metabolism

Global science conference 2020

Science programmes:

- IRDR
- UHWB
- CODATA
- Future Earth
- ...

Organisations:

- UN (Habitat, Environment, DRR,...)
- WHO
- ISC
- CAS, CAST, CAE,...

Themes:

Defined by science programmes

Costs:

Shared by science programmes
Low registration fee

Organiser:

CAS

Venue:

Friendship Hotel, Beijing

Date:

Nov 2020
