Name	Country	Nationality	Field of study	RP Topic
Md. Abul Kalam Azad	Canada	Bangladeshi	Natural Resources Management	Role of Disaster Governance in Health Risk Management during Humanitarian Crisis: A Case Study on Coastal Communities of Bangladesh
Siswani Sari	Germany	Indonesian	Geography	The Roles of Aceh Government to Sustain Disaster Risk Reduction in Aceh Province, Indonesia
Charlotte Kendra de Zuñiga GOTANGCO	Philippines	Filipino	Earth and Atmospheric Science	A SYSTEMS APPROACH to URBAN RESILIENCE
Khamarrul Azahari Razak	Malaysia	Malaysian	Landslides, multihazard risk, remote sensing, GIS	Disaster Risk Repository and Mainstreaming DRR into Development Planning: A transdisciplinary approach
Mira Khadka	Nepal	Nepalese	Glaciology	Projection of Future Flood Scenarios Integrating Glacio-hydrological and Hydraulic Modelling in Koshi River Basin, Nepal
Qurban Rahim	Pakistan	Pakistani	Engineering	Avalanche and Debris Flow Mitigations
Shruthi Dakey	India	Indian	Disaster Risk Reduction and Socio-Ecological Systems	Applying Socio-Ecological Systems perspective for gaining resilience in coastal rural communities of India
Tesfahun Kasie	Ethiopia	Ethiopian	International Cooperation for Local Development	Modeling Drought Extreme Events – Testing Resilience Properties of Food Emergency Response Systems in Africa.
Farman Ullah	Thailand	Pakistani	Disaster Preparedness, Mitigation and Management	Assessing Flood Risk in Rural Areas of Khyber Pakhtunkhwa, Pakistan
Ghani Rahman	Pakistan	Pakistani	Climate Change/Geography	Analysis of Climatic Variability and Its Impact on Drought Reoccurrences, Intensity and Trend Prediction Using Multi-Indices in Khyber Pakhtunkhwa, Pakistan
Godfrey Chiabuotu Onuwa	Nigeria	Nigeria	Agricultural economics	CLIMATE CHANGE PERCEPTIONS AND ADAPTATION PRACTICES AMONG FOOD CROP FARMERS IN NORTH CENTRAL NIGERIA
Kaushal Raj Gnyawali	China	Nepalese	Geotechnical Engineering	Application of free and open-source software in detection, initiation and runout dynamics of large landslides in China and Nepal
Sangeeta Prajapati	India	Indian	Disaster Mitigation and Management	Earthquake Induced Landslide Assessment focusing on Hazard and Risk Perception in the Chamoli District Uttarakhand, India
Suman Chapagain	Nepal	Nepalese	Disaster Risk Management	THE STUDY OF TRENDS OF HAZARDS AND PEOPLE'S PERCEPTION TOWARDS RISK DUE TO URBANIZATION: A COMPARATIVE STUDY OF KATHMANDU METROPOLITAN CITY AND BIRATNAGAR METROPOLITAN CITY OF NEPAL
Chioma Nwakanma	Nigeria	Nigeria	Animal and Environmental Biology	Assessment of Ecosystem Diversity, Economic and Health Implications of Climate Variability on Rural Dwellers in the Riverrine Areas of Abia State
Jeevan Madapala	India	Indian	Disaster Mitigation and Management	Urban Flood Resilience: A Case Study of Gurugram
Kanchan Kumar	India	Indian	DROUGHT, FINANCIAL INSTITUTIONS AND AGRARIAN CRISIS	Drought and Farm Loans: A study of Financial Institution's Compensatory Government Expenditure
Mbiafeu Nfonbeu Marlene Francine	Cameroon	Cameroonian	Environmental Ecnomics	Climate Change and Food Security in Cameroon: A comparative Economic Analysis of Resilience and Adaptation in Different Agro-ecologies
Muhammad Yaseen	Pakistan	Pakistani	Geology	Valuation of the Landslides along the Dargai–Malakand Road, Khyber Pakhtunkhwa part of CPEC Pakistan: Implication from geological aspect of slope failure and mitigation approach for future disaster risk reduction
Nargis Shabnam	India	Indian	Remote Sensing and GIS Applications	Estimating Future Changes in Landslide Risk for Himalayan Terrain
Reza Bakhshoode	Iran	Iran	Environmental Engineering	Nature-based solutions for urban blue and grey water under changing climate
Samuel Weniga Anuga	Ghana	Ghana	Environmental Science	Climate change and mental health risks of smallholder farmers in Northern Ghana
Sasmita Poudel Adhikari	China	Nepalese	Public Health	A study on nutritional status of children under five years of age in earthquake affected areas of Nepal
Sheeba Farooq	Pakistan	Pakistani	Development Policy	BUILDING COMMUNITIE'S RESILIENCE TO MANAGE NATURAL DISASTERS
Sitotaw Haile Erena	Ethiopia	Ethiopian	Environmental Planning	Understanding the type, nature, causes, frequency and driving forces of flooding in Dire Dawa city, Ethiopia

Particular Sarah Randisamparany Madagascar MALAGASY Economy, Resource Natural Policy GINDER AND RESISTENCE TO DIASTER RISSS IN TITL URBAN ENVRONMENT - ANTAMANARY	Su Li	China	Chinese	Applied Economics	Does Resilience Policies in Post-Disaster Period Worsen Air Quality of the Disaster Affected Areas and Their Neighboring Areas? A Research on the 2008 Wenchuan Earthquake
