Integrated Research on Disaster Risk

Co-Sponsors

International
Science Council

UNDRR
UN Office for Disaster Risk Reduction

RISK-INFORMED SUSTAINABLE DEVELOPMENT AND PLANETARY HEALTH

1. Understand risk creation and perpetuation in the present risk landscape

2. Address inequalities, injustices and marginalisation

3. Enable transformative governance and action

4. Understand the implications of new thinking on hazards

5. Harness technologies, data and knowledge for risk reduction

6. Support regional and national science and knowledge for policy and action

7. Support just and equitable transitions, adaptation and risk reduction

8. Measurement to help drive progress

9. Foster interdisciplinary and multi-stakeholder collaboration

WHAT WE DO

- Improve knowledge and understanding of risk and uncertainty
- Promote innovation in research and action, and explore effective solutions in DRR
- Build institutional capacity required under various socio-economic and cultural settings and development

WHAT WE PROVIDE

- Serving as an international hub of centres of excellence for risk research and capacity building
- Coordinating the international research and cooperation
- Working at the science - policy - practice interface

IRDR Research Outputs and Deliverables
